CONNELLSVILLE CALLED UPON TO RAISE $70,500 FOR THE FAYETTE COUNTY WAR CHEST

Quota Announced This Morning By Campaign Manager McDonald.

UNIONTOWN'S IS $127,500

Basis for Computing Quotas is Amount Subscribed to the Fourth Liberty Loan; Amounts to Five Per Cent or Pledges Made at That Time

Connellsville's quota in the War Chest drive which opens December 2 and ends December 16 is fixed at $70 500 according to official figures announced in Uniontown this morning by Campaign Manager D W McDonald. At the same time quotas for all of the 49 districts in the county were made public. Uniontown is asked to raise $127,500

The quotas were based upon the subscriptions for the Fourth Liberty Loan which were considered the best method of measuring the county's resources. Fayette county invested $11 - 27 450 in that issue of war securities. Its citizens are now asked to give a little more than five per cent of that amount to the boys who made victory possible as a slight expression of their gratitude to Fayette county boys in the military and naval service

What the War Chest asks of Fayette county is just a bit more than will be paid by the government in interest to holders of the Fourth Liberty bonds Campaign Manager McDonald explained in announcing the quotas. In addition to that issue there is nearly $15 000 000 in other war securities held in Fayette county. Those investments are solid and secure and will be paying interest long after the army has been demobilized. It seems to officers of the War Chest that holders of Liberty bonds will readily grasp the opportunity of contributing the interest from war securities to provide soldiers and sailors with the comforts which only those organizations within the war chest can administer to them. Contributions however are needed from everybody and we feel that everybody will have a hand in this appreciation fund.

Uniontown is charged with raising the largest portion of the War Chest fund. The quota for that city is $127 500, which is the fixed percentage of its subscription of $2 411 800 to the Fourth Liberty Loan. Total quotas issued to Connellsville South Connellsville and Connellsville township give a grand total of $75 600 which the Young City is asked to raise as its portion of the $600 000 War Chest fund. Brownsville South Brownsville and Brownsville township is given a combined quota of $58 500

District chairmen are directed by Campaign Manager McDonald to divide the quota assigned them among their various teams upon a plan which they decide is the most equitable. Team captains may then assign a given figure each solicitor which they will set as their goal. The definite goal has been found to be so effective in previous campaigns of this nature that Mr McDonald emphasizes the importance of every worker in the War Chest drive having a definite duty to perform

Organization of the coal and coke industry for the conduct of the War Chest drive is under the direction of W Fogg who directed such an efficient campaign in the industry for the last Red Cross war fund. Mr Fogg's campaign plan contemplates a personal solicitation of every one engaged in the industry both operators and workmen and expects contributions from each in proportion to income. Pledges made by workmen in the coal and coke region will be made upon the basis of payments semimonthly or with the distribution of each pay. Industrial captains in direct charge of the solicitation at the various coal and coke plants will work in close co operation with district chairmen in order to prevent duplication of effort

Will be Classed as Delinquents.

Draft board for District No 2 notifies all registrants between the ages of 18 and 37 years that if questionnaires are not returned immediately their names will be placed on the delinquency list.

NAMES OF NEARLY 20,000 DEAD YET TO BE REPORTED

Approximately Two-Thirds of Killed Have Been Published in Lists.

BUT FEW WOUNDED KNOWN

Of Total of 236,117 Casualties Announced by Chief of Staff Only 89,324 Names Have Been Made Public to Date; 179,625 Wounded.

Comparison of the total of casualties of the American Expeditionary Forces as announced by General March chief of staff of the Army with the last weekly summary shows there are approximately 150 000 names yet to be made known provided the list in full is published. The total of all losses announced by General March was 236 117. Sunday's summary plus the reports for Monday and today show 89 324 casualties sent out in the daily lists

The total announced by General March however embraced a large number of minor casualties which were not included in the daily reports and which may not be regularly published

For the past few days the lists mailed by the War Department to the newspapers have been much larger than usual. That for today contained nearly 3 000 names while in Monday's there were over 2 000. Should the entire list be published it will require a considerable time to complete the work

Total casualties compared with the lists already published show the following

	Total	Pub'd
Killed and died of wounds	36 154	24 257
Died of disease	14 811	8 412
Died of other causes	2 204	1 584
Wounded	179 625	46 147
Missing	3 323	8 924
Totals	236,117	89 324

Study of the figures will reveal that there are large numbers in other classes than the wounded as yet to be announced. There remain nearly 12 000 who died of wounds over 6 000 who died of disease and approximately 600 who died from accident and other causes

The fact that the total of missing and prisoners announced by General March is less than the number published in the weekly summaries is accounted for presumably by the fact that many of the missing have been located in hospitals

COMMANDING THE 110TH IS A GREAT HONOR TO OFFICERS

New Colonel Pays a Fine Tribute to Western Penna's Fighters.

'I SHOULD STAND, NOT YOU'

He Says When Officers Arise to Welcome Him. The Whole Army in France Has Heard of What the 110th and Penna Division Have Done.

While American soldiers in all the different units and branches of the service have uniformly made good in this war there are certain organizations to which special attention has been directed by their conspicuous valor in their engagements with the Huns. No organizations have been more frequently mentioned or commended for their splendid behavior on the field than those comprising the 28th or Pennsylvania National Guard Division. Of that division no unit has had a more brilliant career than the 110th Infantry made up largely of men from Connellsville Uniontown Scottdale Mount Pleasant Somerset Greensburg Latrobe Blairsville Indiana Hollidaysburg Waynesburg Washington Monongahela New Brighton and the communities adjacent to these Western Pennsylvania towns

That this regiment is held in the highest esteem among other units constituting the American Expeditionary Forces and to command it is held by officers to be a great honor is shown by a clipping presumably from the Stars and Stripes the soldiers paper published in France which was sent by Arthur Byrne of Scottdale to Mrs Byrne and received in the mail which yesterday arrived from overseas. The clipping which relates an incident which occurred in connection with taking over command of the 110th by Colonel Tompkins of the Regular Army says

The whole army in France has heard of what the 110th Regiment has done and what the entire Pennsylvania division has done

These are the words of tribute paid to the famous 110th by Colonel Tompkins a Regular Army officer when he took command succeeding Colonel George F Kemp. The regiment is composed entirely of Pennsylvanians and most of them from the Connellsville coke region. As Colonel Tompkins entered the room where officers of the regiment were assembled they rose in deference to his rank

Gentlemen he said it is I who should stand in your presence. When I left my former command to come here other officers congratulated me that I was coming to the famous Iron Division as they call it. When I told them I was coming to the 110th they all rushed forward and grasped my hand

It is I who am being honored by being assigned to this regiment

FORMER MOYER GIRL FOULLY MURDERED AT MT. PLEASANT

Charge From Shotgun Fired Into Her Body at Very Close Range.

BOY FRIEND UNDER ARREST

Helen Mehnansky, 13 Years Old Dies Few Minutes After Being Carried to Hospital. Tragedy Is Enacted in Bedroom of Home of Sam Delnka

Special to The Courier

MOUNT PLEASANT Nov 26—An upper room in the home of Sam De luka an Italian garageman in Moorewood street was the scene of what is believed to have been a deliberate murder last evening when a charge from a shotgun was fired into the body of Helen Meinansky 13 years old who lived next door the charge striking her in the back and terribly mangling her internal organs. She died a few minutes after being carried to the Memorial hospital

Tony Deluka 17 years old said to be feeble minded is under arrest. After being questioned last night for three hours the boy's sister Rosie is said to have broken down and confessed that Tony fired the shot. What his motive was has not been determined. It is said Tony was fond of the child but that she repulsed him. Rosie made a statement saying she saw her brother Tony fire the shot

The tragedy was enacted about 6 30 o'clock. From what can be learned the shot was fired from the open door to the room in which the murdered girl and Rosie who is 16 and her sister Josephine 14 were engaged at making beds. Josephine said so close was the gun held that there were powder burns on the girl's clothing. Helen at the time it was said was leaning over the bed

Members of the Deluka family called Burgess S P Stevens and the officers in what is said to have been an effort to establish that the shot was fired from the outside. Questioning of a man who had been nearby elicited the information that the shot was from the inside and that an open window through which it was declared by the Delukas the shot came had been opened by some one in the room to let out the smoke

Officer M F McCully soon suspected Tony. Sam Deluka the father Tony Rosie and Josephine were all taken to the police station and a rigid examination of them begun by the

By Associated Press

LONDON Nov 26—Statistics published relative to the work of the independent air forces show that during the 12 months preceding the armistice the astounding number of 709 bombing raids were made by British aviators over German territory

FREEZING TIES UP BOLSHEVIKI GUNBOATS.

ARCHANGEL Monday Nov 25 — All the rivers are icebound over the whole northern Russian front and the Bolshevik gunboats which have long menaced the American and Allied forces on the Dvina have been forced to withdraw to escape being frozen in. The Bolsheviki however have mounted big guns along the front south of the Allied armies. Operations are limited to spasmodic artillery exchanges but the Bolshevik forces are reported to be receiving heavy reinforcements

The freeze-up while bringing relief on the Dvina front increases the danger on others and the once impassable swamps are now frozen making possible bushwhacking flank attacks by the enemy

BELGIUM MAY DEMAND LEFT BANK OF SCHELDT

BRUSSELS Nov 26 — Belgium must have the left bank of the Scheldt and this demand should be made at the peace conference it is agreed by all political parties in Belgium

Some Extremists say that Belgium's natural frontier in the east is the left bank of the Rhine while a more moderate group would be contented with the cession of Luxemburg

So far as the payment for losses is concerned Belgium reckons her losses unofficially at 33 000 000 000 francs

The Scheldt river flows through Belgium on most of its course. North of Antwerp the Scheldt enters Holland. This situation is awkward for Belgium in that entrance to its principal port is controlled by another nation

WILSON PLANS TO SPEND MONTH ON EUROPEAN SOIL

Numerous Messages Urge Him Not to Give up Proposed Trip to Peace Conference

By Associated Press

WASHINGTON Nov 26—About one month is the time President Wilson expects to be in Europe for the opening of the peace conference and preliminary discussion. No definite limit has been fixed but it was said authoritatively today that the President planned to be back on American soil within six weeks after his ship sailed for the other side

It became known also today that the Italian ambassador Count DiCellere as well as Ambassador Jusserand of France and the American peace delegation will cross on the ship with the President

Among many messages received from England France and Italy urging Mr Wilson not to let unfavorable criticism interfere with his plans is understood to be one from Lord Northcliffe earnestly suggesting that all objections should be disregarded because the President's presence is essential

It was said today that there was no foundation whatever for talk of a censorship of news of the peace conference and that American newspaper correspondents would be given all facilities possible for transmitting their dispatches

FORTY-FIVE CENTS LIVE, FIFTY-FIVE DRESSED, IS COST OF FESTAL BIRD

Turkeys for Thanksgiving are selling at high prices this year which has somewhat lessened the demand but nevertheless meat dealers are disposing of quite a number of them. Prevailing prices for the Thanksgiving bird are 45 cents a pound live weight and 55 cents dressed

The birds are not scarce and one butcher this morning said there would be sufficient to go around unless at the last minute rush some persons would be disappointed

The demand for chicken is not so much heavier than that for turkey. Chicken is also selling at a high price this year 40 cents a pound live weight being asked for them with dressed fowls at 45 cents

Local butchers say they believe the price will be even higher at Christmas with a greater demand. Many persons are not buying a turkey for Thanksgiving but are waiting until next month which will make a heavier demand for them

Cranberries are on the market now and are selling at 18 cents a pound. This is not much of an advance over the price of last year. Grapes which are also usually sold in large quantities for Thanksgiving dinners have also advanced selling at 35 cents a pound. These grapes formerly sold at three pounds for 25 cents

Butter has again taken a big jump. For some time it has been selling at 58 and 60 cents a pound. That latest price is 70 and 75 cents. One dealer this morning said he was still selling butter at 75 cents a pound but had been notified of another advance and expected it would be 80 cents in a few days

FORMER MOYER GIRL FOULLY MURDERED

Continued from Page One.

burgess and the police. Search of the home had failed to reveal the weapon. The father declared there was none about the place, that he had loaned his gun, a double-barreled weapon, a year ago to Peter Firmstone and the latter had not returned it. Josephine corroborated the story of her father, who, it was stated, was in the basement at the time of the shooting. Finally, Josephine admitted she had seen a gun two weeks ago in a room "behind the cupboard."

At first Rosie held to the story told by her father that there was no gun about the place. Then she, too, admitted there was a gun and said it "fell across a chair" and was discharged. Under pressure of further questions and fearing that she would become involved Rosie confessed that Tony did the shooting and that her father had taken the gun and thrown it away. Asked where, she said she thought into a coke oven at Morewood. A search of the ovens was to be made today in an effort to locate parts of the weapon.

An effort was made, it was said, to establish that the dying girl had told Rev. Father John Hackett that the shot was fired through a window. Father Hackett, it was stated, declared the child was too weak to make any statement.

As further establishing the fact that the family's statement was false, shot taken from the wound by Dr. M. W. Horner were found to correspond with others found on the floor, while the wads were matched with those of other shells found in a bureau drawer.

The murdered child was Polish. The family lived until recently at Moyer. The father is dead. The Delukas and the Mehnanskys were close friends. Sam Deluka had moved the Mehnanskys from Moyer.

Tony was to be taken to Greensburg today.

He is now in a convalescent camp. Enclosed in the letter was a Christmas package label. His letter was dated October 25.

Reagan is a son of J. S. Reagan, a Civil war veteran, who makes his home with his son, H. L. Reagan, at 225 South Eighth street, West Side.

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

At a short session of orphans' court Monday Judge J. C. Work appointed Attorney P. H. Younkin of Connellsville guardian for Mary Gardner, a minor child of this city possessed of an estate of about $2,000. Bond in the sum of $4,000 with the Title & Trust Co., Connellsville, as surety, was presented and approved before the appointment was made.

WE MUST KEEP ON HELPING.

Now that war news with striking headlines no longer features the daily papers many persons are apt to console themselves that nothing remains for them to do in connection with the war, only to wait to give glad acclaim when the boys come home. With a thoughtlessness that comes near being a discreditable American habit they have concluded that they can take up the affairs of life again as if all the problems that come with the restoration of peace and the reabsorption into business and industry of the 2,200,000 young men in the Army Overseas and 1,790,000 in the training camps at home, will solve themselves naturally and of their own accord. Such an attitude or frame of mind is foolish if it were not also dangerous, because there remains much to be done, much in which we as individuals have a part.

At a reception given in Paris in honor of Henry P. Davidson, chairman of the War Council of the American Red Cross, M. Autrand, prefect of the Department of the Seine, made an address which, like other appeals that have come to us from the stricken countries, should remind us that although we have worked long and earnestly to provide every form of help needed, we are not privileged to fold our hands in the mistaken belief that we have finished our labors of mercy.

"Your task is not ended," said the eminent Frenchman. "Our friends and our benefactors now are more than ever indispensable to us. Our task is immense. Help us. We have known how to vanquish, we will know how to organize ourselves in victory."

This appeal was made to the big heart of America to continue the magnificent work it has already made possible for the Red Cross to do. And so much remains to be done to help the crippled and bleeding victim countries of Germany's cruel hatred and power to regain strength that they may help themselves. They do not ask charity but merely that they may be aided in the hour of their helpless distress to find their way back to as near the normal in their lives as is possible after the scourge through which they have passed.

It still remains our sacred duty to keep up the great work we have undertaken and so nobly carried on in behalf of humanity. This has been done through the Red Cross, the resources and means of which will be taxed to even greater extent in the next few months to come than during the recent preceding years.

As a subscriber to the Fayette County War Chest you will have opportunity to give tangible proof of the interest you have in continuing the splendid service of this organization as well as pride in its glorious achievements during the days of active campaigning at the front. Had not Germany sued for peace you would have been insistent that the armies of the Allies keep on fighting. Now that they have won the greatest victory ever gained by armed forces, and now that many wounds in the war-stricken lands must needs be healed, you will want to keep on helping. And you will.

If you did not have an opportunity on Saturday night to help swell the Christmas dinner fund for Connellsville soldiers in France, hunt up one of the boosters between now and tomorrow evening. He will afford you every facility for loosening up.

A contribution to the War Chest will be an all year Christmas gift.

An arrest for horse racing on the streets carries us away back to the days of the olden time and revives reminiscences of "Charlie" Suttie and his stud of fleet-footed speeders.

FORCING GOVERNMENT CONTROL.

Philadelphia Ledger.

It has been assumed, and not without apparent reason, that it is the purpose of the Administration to force the issue of government ownership of the railroads and telegraph and telephone services and to use the powers given it under the war emergency to fortify its position in favor of permanent government control of these services.

While the war was actively in progress there was no disposition to question the wisdom of the course that was actually taken, and it will not be denied that results were obtained in the direction of unity of control that made for greater efficiency in the movement and routing of freight, in the simplification of freight and passenger schedules and in the correction of manifold abuses which had grown up under the old system of competition and under the efforts of the corporations to make the best of the situation growing out of the federal and state methods of regulation. There is no doubt that the elimination of long and roundabout hauls, the abolition of duplicated train services, the consolidation of time tables, the issue of completely interchangeable tickets and other measures of the railroad administration have been improvements. But there is also no doubt that the government has used its authority to increase rates in every direction, a relief for the railway revenues which was either denied or granted partially and grudgingly when the roads were under the control of their owners. And it is equally certain that even with these increased revenues, for which the people have to pay, the operation has not resulted in the balancing of the accounts on the right side.

With respect to the wire communications, the gains from unified management have not been so obvious, except to the employes, who have been given wage increases and the grant of vacations. It is also significant that, although the war is virtually, if not technically, at an end, the government absorption of cable and telegraph services has been extended rather than halted. It may well be, as contended that the government may be able to deal more efficiently with the labor difficulties and shortage in skilled employes than have the companies under the control of their owners. But in these cases, as with the railroads the American people cannot look forward to the precipitation of the issue of government ownership without grave misgivings. This is especially the case with the wire communications for with a politician like Mr. Burleson in control and with the general record of extravagance and universal inefficiency in the postal service as examples, the outlook for efficiency and real economy in the added services is not an encouraging one.

There have been real evils and abuses in these utilities under private management, but there is every reason to believe that even greater evils are inherent in public ownership and management under existing conditions. Moreover, the present situation, as the outgrowth of a war emergency, ought not to be taken as the starting place for a campaign to make government ownership a permanent national policy. The government has received no mandate on the subject from the people; and while it seems bent on making the most of its present opportunities, it may assume too much if it imagines that the country as a whole is going to be stampeded into a course so radical.

DUCKER'S SHOP BURNS

Estimates Loss in Paints and Tolls at About $700.

The sign painting shop of F. E. Ducker in North Arch street was gutted by fire about 10 o'clock last night. The fire started in the workroom of the shop and quickly spread. Ducker ran to the corner of West Crawford avenue and Arch street where an alarm was sent in.

A stream from the big hose was necessary to extinguish the flames. The entire stock, including tools and paints, was burned up. Ducker estimates his loss between $600 and $700.

Rippling Rhymes

PEACETIME PRICES.

When doves of peace are soaring round, and eagles quit their yapping, will things cost just as much per pound as when the hosts were scrapping? The prices rise without a break, the snowclad summits striking; no effort does it seem to take to keep the blamed things hiking. The news is flashed across the sea that some one's goat is taken; up goes the price of prunes and tea, and succotash and bacon. A bunch of kings have soaked their crowns, we read in late dispatches; up goes the price of handmedowns, and painter pups and matches. Some heartsick rulers vainly try to smile while taking bitters; up goes the price of whiskers dye, of applejack and fritters. It's easy turning "reasons" loose, most any fake suffices, the punkest sort of cheap excuse will do for raising prices. When war dogs crawl into their den, convinced that war is cheesey, will bringing prices down again, think you, be quite so easy? Will Jinks, the grocer, blithely say, "We've had good news from Sweden, so I can cut the price today, of all the things you're needin'?" Will Grimes, the clothier, say, "It's nice to know that Russia's better, so I will now reduce the price of that star spangled sweater?" Let's hope such things will come to pass, when doves of peace are soaring, and meanwhile, as we dig the brass, cut out the useless roaring.

Just Folks

Edgar A. Guest.

THE NEW RESPONSIBILITY.

Oh, we've got to pull together, when
the work of war is done,
For the truth that is triumphant and
the peace that we have won;
We may let down just a little from
the striving and the strain,
But as soon as we have rested we
must go to work again.

Oh, we've got to pull together for the
bigger, better day.
There are problems grave before us,
there are doubts to clear away.
We have fought for right and justice;
now we've got to make it plain
By the manner of our living that we
have not fought in vain.

We have triumphed o'er the tyrant,
we have made his cannons cease,
We have fought for human freedom
and a just and righteous peace;
But our tasks are uncompleted; we
must prove by all we are
That we served no selfish purpose
when we sent our boys afar.

We have sacrificed for freedom, side
by side to death we've stood,
Now we still must stand together for
our nation's greater good.
There are many tasks before us, we
shall all be sorely tried;
We must live the peace of justice for
which every soldier died.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy Beautiful.

The old time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it passes off. It only comes back. Find the cause and stop it. Diseased conditions of the bladder or kidneys are usually indicated by stiff, lame back, wrenching pains, lumbago, sciatica, nervousness, sleeplessness, tired, worn-out feeling, pain in the lower abdomen. These are nature's signals for help.

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haarlem Oil Capsules, imported fresh every month from the laboratories in Haarlem, Holland. Pleasant and easy to take, they almost instantly attack the poison germs that are clogging up your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.—Adv.

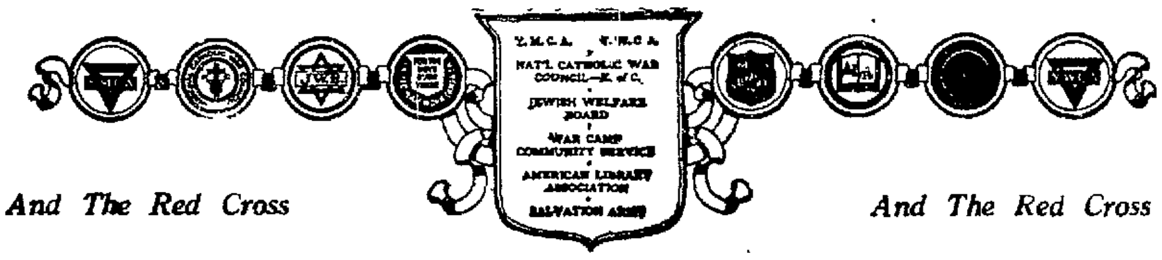
Keep the Pep in the Boys Who Saved You From the Hun

IT keeps us human" one of our fighters told Lord Northcliffe in speaking of these great war welfare organizations. It costs 15 cents per day per boy to 'keep him human' --- to bring him back the way he went away.

These great welfare organizations do just that---"they keep him human" The Fayette County War Chest asks YOU to make a single pledge, covering an entire year, for these organizations which are consecrated to the task of keeping YOUR BOY and YOUR NEIGHBOR'S Boy Human:



Y.M.C.A.
Y.W.C.A.
NAT'L CATHOLIC WAR COUNCIL—K. of C.
JEWISH WELFARE BOARD
WAR CAMP COMMUNITY SERVICE
AMERICAN LIBRARY ASSOCIATION
SALVATION ARMY

And The Red Cross

And The Red Cross

THE American Fighting Man has Licked the Hun. Just as in the interims between Battle, he needs diversion and entertainment, bodily comforts and the delectable dentistry for the great, healthy, Yankee Sweet Tooth. It's up to YOU NOW.

Your boy and your neighbor's boy have fought our battle. Weeks and months will elapse before these overseas men return. Your war chest helps them fight the battle of lonesomeness, of homesickness and camp routine, made all the more keen by their eager anticipation, their fighting job done, to get back home to us again. Your war chest is the immediate and continual expression, until they return home, of your appreciation for sacritices, hardships and illustrious fighting qualities.

It's For the Boys Over There---Keep Them All Smiling

The Fayette War Chest

Asks You For

$600,000 for united war welfare work covering a period of one year.

Pledges may be made on the basis of five installments, each installment to be paid monthly for a period of five months.

Under the chest plan, you make one subscription to cover your war welfare work for the period of one year. These organizations are associated in the United Soldiers Welfare War Drive for the Fayette County War Chest.

The Red Cross.

The Young Men's Christian Association.

The Young Women's Christian Association.

National Catholic War Council—Knights of Columbus.

Jewish Welfare Board.

War Camp Community Service.

American Library Association.

The Salvation Army.

Financial calls of these organizations will be made upon the Fayette County War Chest and the War Chest Executive Committee will approve and pay them. You subscribe once for all; a single pledge and a single purpose.

Fayette county has done nobly in the past; will YOU have it said that Fayette county, through your lack of appreciation for the boy over there, or graver still, through your parsimony, failed to meet this call for a fund so little for services so vital, sacrifices so great and hardships so cheerfully met?

Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70 per cent greater than any gift ever asked for since the world began. Fayette County Has Not Yet Done Her Share.

By giving to these organizations all at once, the cost and effort of seven additional campaigns is saved.

Unless you do give twice as much as you ever gave before, our soldiers and sailors may not enjoy during the next year, or until their return home to us, their

2,500 Libraries, Supplying 5,000-000 Books.
85 Hostess Houses.
15,000 Big Brother "Secretaries."
And the Ministering Hand of the Red Cross.

When you give double you make sure that every fighter has the cheer and comforts of these organizations every step of the way back home again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athlethic field and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.
Now give to maintain the morale that won the war.

KARL LIVENGOOD, SCOTTDALE, DIES FROM HIS WOUNDS

News Comes in Message to Mother, Mrs. A. S. Livengood.

WAS OVER TOP TWICE BEFORE

Before Entering Service Livengood Was Engaged in Coal Business; Educated at West Virginia University; Other News of the Day.

Special to The Courier.

SCOTTDALE, Nov. 26—A War Department telegram received last evening by Mrs. A. S. Livengood of South Broadway brought intelligence of the death from wounds on November 1 of her son, Karl Hayden Livengood, a well known young business man and member of Company I, 146th Infantry. The day's mail had brought a letter in which Mr. Livingood told of having been over the top twice. The letter was written October 11 and in it the young man spoke confidently of coming home and telling all the news to his mother and father. He was a machine gunner, among the number trained at Camp Lee.

Before entering the service Mr. Livengood was president of the Livengood Coal & Coke company and in active charge of a plant of the company near McClellandtown. Previously he had been engaged in business at Masontown but had sold out there to go with the coal company. He was educated at the West Virginia university at Morgantown, having taken three years there. Besides his parents he is survived by two brothers and a sister: W. R. Livengood, Hutchinson, Kan.; C. C. Livengood, Uniontown, and Mrs. E. H. Kelley, Scottdale. He was unmarried.

The mother has been one of the most active workers at the emergency hospital here.

Week-End Party.

Mr. and Mrs. John W. Reiley of Broadway entertained at a delightful week-end party the following ladies, all sisters of Mrs. Reiley: Mrs. Harvey Berkley, Meyersdale; Mrs. William F. Guagley, Berlin; Mrs. William Englehart, Cumberland; Mrs. Walter McClary, Akron, Ohio, and Mrs. Horace Brubaker and children of Johnstown.

Augusta Frohnert.

Auguste Frohnert, aged 49 years, died at her home near Ruffsdale yesterday morning. Funeral services will be held Wednesday and interment will follow in the Scottdale cemetery.

Wilson Baer Killed.

The body of Wilson G. Baer, who was killed in Pittsburg, was shipped here Sunday and interred in the Alverton cemetery.

The Same Old Story.

Just when every woman wants a new dress, coat or suit for Thanksgiving and the average store is getting top-notch prices, Bendiner launches a sale that would be sensational in its values even at the end of the season, a great Thanksgiving sale, the year's banner ready-to-wear event: Coats at $19.75; dresses at $9.95; suits at $19.75; girls' coats at $4.95. You owe it to yourself to come in and see them, try them on and use your own judgment whether its a bargain or not. Bendiner's Broadway Ladies' Store, Scottdale, Pa.—Adv.

Mrs. George Hodges has gone to Washington, D. C., to visit her husband, Lieutenant George H. Hodges, and her sister, Mrs. C. F. Marthen, who is doing war work at that place.

WORK PROGRESSING

On Double-tracking B. & O. Between Mt. Braddock and Uniontown.

The work of laying the double track of the Baltimore & Ohio between Mt. Braddock and Uniontown is progressing as rapidly as scarcity of labor and the unfavorable weather will allow. Already the grading has been practically completed, and the cross ties have been distributed almost to Lemont and at some places this side of Lemont.

The track has been completed as far as Youngstown, and a large force of men are pushing the work.

Uniontown Man Killed.

Lee B. Rishell, Uniontown, was killed in action October 14, a message today said.

When constipation bothers you and you get feverish and out of sorts remember that old reliable vegetable

Celery King

is sold in every drug store in the land. It's fine for indigestion too and for fevers and colds. Same old remedy that thousands swear by.

Influenza, Cold, Pneumonia, Sore Throat

Yields Quickly to Antiseptic Treatment.

Many are finding relief from Influenza, Colds, Sore Throat and perhaps preventing pneumonia, it is said, by the use of Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating, pain-relieving qualities insure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The Oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions results are assured, or your money refunded. THROAT, CHEST AND LUNG TROUBLES

Mothers—Just Rub This Over Throat and Chest—Relieves by Inhalation and Absorbtion.

You simply apply a small quantity of Famous Forkola over the throat, chest and back, covering with a warm flannel cloth. The body heat releases the ingredients that are inhaled in the form of vapors, while the penetrating oils and fats are quickly absorbed through the pores, healing and soothing the tired, aching throat and chest. All night long the good work goes on, loosening the phlegm, soothing the inflamed membranes and opening up the air passages.

Go to your druggist and ask for a small jar of Famous Forkola and begin the treatment at once. Thousands have used the Forkola treatment instead of nauseous internal dosing for Colds and Catarrh, Sore Throat, Bronchitis and even incipient Pneumonia.

Your druggist can supply you.

DRAFT RECORDS TO BE PRESERVED FOR FUTURE WARS

Orders Issued to Seal Them on December 10 and File For Safe Keeping.

CHARGE OF DELINQUENCY

Will be Recorded Against All Registrants Who Fail to Return Their Questionnaires by December 9; Date of Discharge of Boards Not Fixed.

"It is from the records of the local draft boards that the history of this war must in most part be compiled and from them also must come information of the last value as to man power in case of any future war," says an order received by the local draft boards from Provost Marshal General Crowder, in which he directs that on December 10 all the board records shall be sealed "and held until further orders from the Provost Marshal General."

Under this latest order from the War Department no questionnaires are to be received after December 9, and those to whom they have been mailed and who have made no return until that time are to be listed as delinquents or deserters.

Great stress is laid on the direction that there are to be no alterations or additions to the draft board records. "It is a matter of the highest patriotic duty from which no board member can escape to see to it that these records are kept absolutely true and intact," says the order, and adds: "The proper and just administration of the war risk insurance act and of future pension laws of the country will, in many cases, depend almost exclusively upon data contained in these records, which will likewise have a vital relationship to charges of desertion and delinquency involving the honor of thousands of registrants.

"Under no circumstances whatever shall local boards withdraw or permit anyone else to withdraw any papers whatever now in the board files or hereafter placed in such files, and after the receipt of this order no access shall be given to records of local boards on the part of any person whatever not a board member, and no information concerning them shall be given out. A scrupulous observance of these rules is essential in order that the records themselves shall not be vitiated."

Nothing is said about when the draft headquarters in the various divisions are to be closed or when the board members are to be relieved of their duties, but to all intents and purposes their work will be practically cleaned up when they complete a report that will include their activities and show all classifications and physical examinations up to and including December 9. All future classifications to be made by local boards are to be final as instructions are given that no further cases shall be referred to district boards for approval and district boards are divested of the authority to receive further appeals.

CATARRHAL DEAFNESS AND HEAD NOISES

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEV AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. *Secure from your druggist* 1 ounce of Parmint (Double Strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucous dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.—Adv.

WORTH AS MUCH AS TWO WEEK'S HARD TRAINING

Tanlac Quickly and Surely Put H. Mason, Pugilist, in Pink of Condition.

"Tanlac is worth almost as much to me as a two weeks' hard training," said H. Mason, athlete and pugilist, of 1306 State Street, Erie, Pa.

"I suffered from stomach trouble and a catarrhal affection, the latter having been brought about by my contracting cold after a ten-round bout at the Harlem Athletic Club last Thanksgiving afternoon.

"It seemed as though my nutrition was retarded and my strength was leaving me rapidly.

"I would awaken at night from cold sweats.

"I could not eat with any satisfaction, and as a consequence my stomach went completely back on me.

"I bought some of this new medicine, Tanlac, because a friend told me about it, and because he recommended it to me so highly.

"Since using Tanlac my stomach has resumed its normal condition. I eat fine and sleep well. I am as strong as ever; in fact, I feel like I am fit for the battle of my life.

"This Tanlac is certainly a great strength giver. It beats anything I have ever seen. I am going to keep the medicine around handy to take in the future. You certainly can bet on that."

Tanlac is now sold in Connellsville exclusively ! *the Connellsville Drug* Co., Beighley's Pharmacy, and F. H. Harmening, where the premier preparation can be had.—Adv.
